# Year 3 Home Learning 20.4.20

#### Maths

## Daily:

Mathletics: I have set you some activities to complete on Mathletics. It is set up so that you can choose when you complete these 'assignments' and when you practise your other mathematical skills.

Remember to practice your times tables, most importantly your  $x2 \times 3 \times 4 \times 5 \times 8$  and x10. Mathletics, Tackling Tables, TT Rockstars and Hit the Button are all great sites you can do this on.

https://www.topmarks.co.uk/place-value/place-value-charts

http://www.ictgames.com/sharkNumbers/mobile/index.html

PE: Joe Wicks

https://www.thebodycoach.com/ blog/pe-with-joe-1254.html

### Computing:

J2E; j2e code & Rainforest Coding

## Creativity:

On your daily walks, go on a plant hunt. Sketch what you find and/or take pictures to make and label a collage on J2E.

How, where and why do plants grow?

## **English**

Daily: Make sure you are reading and practicing your spellings and handwriting each day. These are great skills to have and will help to improve your English overall!

**Reading Comprehension:** You might choose to do these activities each day or more than one in a day! Whichever works best for you.

Activity One: Read the text and identify any words which you don't know or aren't completely sure of its meaning.

Activity Two: Find the definitions for the words you were not sure about.

Activity Three: Write your new words into sentences.

Activity Four: Read the text again and answer the comprehension questions.

Activity Five: Write a story, poem or newspaper report based on the text you have read.
